

# Nike Air flash Garnett 3 is engraved - KENLU.netFlash Adidas Crazylight Boost 2015 'Andrew Wiggins'

- News Reports Release

---

in the twinkling of an eye, Kevin Garnett battles NBA has also been more than twenty years, for this veteran battlefield shoes at the foot of the wonderful evolution, interested friends can refer to the previous reports we arranged. In the early KG was wearing NIKE shoes for a while, recently came in 2000 when Air Garnett one weapon to accompany him in the field of 3, but also because the KG personal endorsement shoe contract relationship, the return will be Nike Air 3 in the name of the debut. The air cushion configuration takes the Zoom Air, which is popular with the public, plus the visible Max Air at the heel. Such fascinating technology matches can be described as "double play"! But now it seems Tuned Air seems to be canceled, is quite a pity, but I believe that for older fans will relive memories, compared to the new generation of young people is a new exploration on experience, there is no exact release date, expect the subsequent official there will be further news.

## The Waffle

Vans outsole is made of durable rubber, not only wearable but also providing good grip, and the skaters used Vans to create a craze in southern California at that time. In 1976, Vans made custom shoes for DogTown Zephyr members from Santa Monica, Tony Alva and Stacey Peralta. The design of Vans #95 shoes with soft collar and multi-color stitching design, became the hand of the favorite shoes, shoes #95 shoes evolved into a Era style. Vans was also the first to sponsor the skateboarding player's brand, and the Vans Off the Wall brand logo was officially launched this year. In 1977, Vans #36 shoes were first equipped with world renowned side stripes, but also the first to use leather material stitching to enhance the stability of the skateboard shoes. The water ripple curve outlined by founder Paul Van Doren is called "Jazz Stripe", becoming the most representative symbol of Vans brand. In this year, Vans launched Old Skool shoes.

in the United States, when people see something good or bad, they naturally say "What The"... "Expressing surprise in the heart is just like when we see something amazing, it comes straight" "oh my God!" "To express the shock of the moment.". The "What The" design series so crazy began in 2007, Nike SB shoes, in recent years, Nike is extended to the field of basketball shoes, Nike Basketball's three star endorsement signature shoes have launched this concept for the design of the limited edition, the double What The LeBron 11 is to break the What The series only single fusion shoes practice different color algebra, What The LeBron 11 and LeBron James in the past 11 years the shoes of the stories, drawings, and design details, a total of more than twenty kinds of elements in a very bold.

What The LeBron 11 this year delayed sale episode in the Asian region for prospecting shoe who perhaps did not too much impact, but in Europe and the United States Shoe fans really after a long wait, What The LeBron 11 in Europe and the United States listed the time course of delayed, until this weekend it will be officially on sale in the United States on September 13th on sale, priced at 250 yuan dollars, type: 650884-400.

The first shoe market K-Pals

of Taiwan was launched consists of prospecting shoe of the original members of the Banqiao area of World War II, founder of that 2012 is a very important year for K-Pals, had seen abroad have their own shoes market, think Chinese area didn't have to do the similar market activity, after in a few areas in the World War II meeting decided to hold the Chinese area first K-Pals shoes market. After two years of management, it has become one of the regular events of the year. This year, we have joined the theme of Christmas. We believe that many of them will find their Santa Claus at the conference site!

will be held at 12/20~21 this year. See the official Facebook activity page for detailed activities.

adidas AlphaBOUNCE launched so far about two months, and then look back information, only to find full of science and technology behind. The unique AlphaBOUNCE makes it difficult to relate intuitively to jogging shoes. The upper is made of high elastic FORGEDMESH light fabric and uses a one-piece seamless design to reduce foot friction. The lateral shark gills shaped stereoscopic shape lines is designed through Aramis motion capture technique to observe the changes of foot runners provided, not only the appearance of special function, is still around to make adjustments in the performance of runners, imagine running when the foot will continue to change in the process, if only a soft vamp and unable to maintain deformation or other support, so the stereo lines then that can come in handy, keep running posture. The cushioning part is equipped with BOUNCE technology in the end, the physical structure of this new technology is not the past, in adiPRENE+ and Boost between the foot, is also used in many fields. At present, foreign countries launched AlphaBOUNCE 'Triple Black', low-key color matching, and then with a little embellishment, that is able to foil this pair of shoes with a rich connotation inside.
