Following the highly demanded Grey colorway of the adidas Yeezy 750 Boost, an upcoming adidas Yeezy 750 Boost Black colorway has already been confirmed by Kanye West.

Advertisement

Kanye first broke the news on a New York radio Power 105.1 Breakfast Club, that a Black version of the Yeezy 750 would hit the market soon, and some are projecting it to drop as early as this Fall/Winter 2015.

There has been no word on how Ye and adidas would use the shade of Black onto the sneaker, but here are detailed photos of how exactly the adidas Yeezy 750 Boost Black colorway will look like. The shoe sports an all-Black suede upper that was originally seen with a White boost sole, but the release version could be a fully Blackout colorway as seen below.
